November 2012 Issue 03

Hi welcome, No hang on, HO! HO! HO!, yes there are only Wargaming Days till Chrimbomas!!!!!
So stop mopping and saying, hey ain't this come round quick, and start making your Santa Lists (and yes he does read them believe me!!!) Dear Santa, Remember this year I NEED a Bolt Action Set, A New Tiger 1 Box Set from Flames of War, A Dreadball Set, and loads of GW Vouchers and……. (sorry got carried away guys!) So on with the merriment and lots of Holly and Yuletide for all……..

OK SHOUT NEWS!!!
There is not going to be a Shout this Month as it would take too many pages to Shout about everything, so its all in here…… (Yes El Presidente, its more than 16 Pages……..lol!!!)
Due to this fact have had to again launch this on the Google site as a 4 parter, sorry Dan we need a better system!

Presidential News!
In septembers Mag, well we said "and the news from Tony is all good, we have nearly broken the 100 Clubs mark!" Weel we have now broken the 100 mark, with I believe at last count 103 clubs in the network, good going guys. And now Tony is being asked by clubs from other countries if they can join the GCN. (Ve Vill Take Over Ze Vorld!)
Which because of legalities the big boss cannot see we can do that, but is advising them how to set up their own Network, so cudos all round we must be make a huge impression on the wargaming world and that's all for the good of the hobby and the Network.

Quick reminder, have you sent back your Annual Review paperwork, which we need NOW! We still have about 40 clubs who have not responded to the messages sent out several weeks ago about filling in and returning the annual return, so we can update your clubs committee and contact details, or PLI renewal should your club need it.

Some of these clubs will be operating without PLI cover as it will have expired

If you club has not already sent in the annual return to me, your club requires new PLI or just needs to pay the annual subscription then please get in touch with me urgently on **awb1@btinternet.com** so we can get you sorted out and fully compliant.

If your club has contacted me or has sent in the annual return, annual subscription or PLI then you need do nothing further, however please make sure that you check to see if it has been done.

Anthony Barnes, GCN Santa President.

HAMMERHEAD NEWS

The GCN are looking for GCN member clubs to run participation games at Hammerhead next February, we want to look at all kinds of games though, so clubs will need to send in a brief proposal as we don't want three or four 40K games, the more of the mixture the better.

We currently have about three games already booked in and confirmed, but we want if possible to have more GCN clubs run games.

If you are interested in running a participation game (and bearing in mind these style of games attract new players and members) then please contact Tony Barnes, at awb1@btinternet.com or you may also contact the GCN via the address for the newsletter at gcn.news@hotmail.com.

"Savages may indeed be a formidable enemy to your raw American militia; but upon the King's regular and disciplined troops, Sir, it is impossible they should make an impression."

- British General Edward Braddock to Benjamin Franklin, 1755

The French and Indian Wars were a series of conflicts in which colonial powers struggled against each other, and the native tribes of the north east of the "New World", for control of what was to become the United States and Canada. In next month's issue our theme focuses on the last of these struggles and the pre-cursor to the Revolution; the Seven Years War in North America, bringing you a wargaming guide to "the war that shaped America".

As ever there will be plenty more to enjoy, with articles covering a range of different periods.
